NOTICE

To All Residents

During the maintenance of the hot water tank on January 14, 2015 it was noted that the lining of the tank needed to be repaired.

At that time, the repairs could not be done as it would've resulted in the water being off longer than anticipated. There was no way to notify all the residents in that short time, so we decided to postpone the repairs to a later date.

Therefore, please be advised that on:

Friday, February 6, 2015
8:30 AM to 5:00 PM

ENTIRE BUILDING
HOT WATER SHUT DOWN

This will not affect the heating system.

Residents will continue to be supplied with cold water ONLY in their suites.

Thank you for your patience in this matter.
